

REMARKS

Claims 1-25 are pending in this application. Claims 7, 11 and 17 were previously withdrawn from consideration. By this Supplemental Amendment, claims 1-3, 8-10, 12-14 and 18 are amended.

Applicants appreciate the courtesies shown to Applicants' representative by Examiner Baumeister in the December 3 personal interview. Applicants' separate record of the substance of the interview is incorporated into the following remarks.

The claims are now amended to clarify "including at least a word line driver circuit and a bit line driver circuit for driving the passive matrix array" and "and wherein the passive matrix array and the peripheral circuit are separately fabricated."

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of claims 1-25 are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,

James A. Oliff
